**Century Casinos gibt Rekord-Nettoerlöse für das Geschäftsjahr 2005 bekannt**

Century Casinos, Inc. (NASDAQ Capital Market® und Wiener Börse: CNTY) gab heute für das am 31. Dezember endende Geschäftsjahr 2005 Rekord-Nettoerlöse von \$37.445.000 bekannt. Dies entspricht einer Steigerung von 4,7% zu den 2004 ausgewiesenen Nettoerlösen von \$35.765.000.

Für das Geschäftsjahr 2005 erzielte das Unternehmen einen Periodenüberschuss von \$4.481.000 oder \$0,28 pro Aktie, im Vergleich zu bereinigten \$4.183.000 im Jahr 2004 (der in 2004 ausgewiesene Periodenüberschuss von \$4.738.000 inkludierte einen Währungsumrechnungsgewinn aus dem Verkauf einer südafrikanischen Tochtergesellschaft und einen Nettogewinn durch die Einbringung einer im Jahr 2002 abbeschriebenen Forderung in der Höhe von \$555.000). Die durchschnittliche Anzahl der im Umlauf befindlichen Aktien erhöhte sich im Berichtsjahr 2005 auf 15.923.585 gegenüber 13.683.016 im Jahr 2004. Dies ist in erster Linie auf die Ausgabe von 7.132.667 Aktien, welche im Rahmen eines Austrian Depositary Certificate („ADC“) Offerings an der Wiener Börse im Oktober 2005 begeben wurden, zurückzuführen.

Für das vierte Quartal 2005 meldete die Gesellschaft Nettoerlöse von \$9.279.000 und einen Periodenüberschuss von \$1.684.000 gegenüber Nettoerlösen von \$9.077.000 und einem Periodenüberschuss von \$1.454.000 im vierten Quartal 2004. Die Steigerungen sind hauptsächlich auf gestiegene Nettoerlöse in den Casinos in Cripple Creek, Colorado, USA und Caledon, Südafrika, zurückzuführen.

Century Casinos plant noch heuer drei weitere Casino & Hotel Resorts in Südafrika, Colorado und Kanada in Betrieb zu nehmen.

Eine detailliertere Zusammenfassung der Ergebnisse des vierten Quartals sowie des Gesamtjahres 2005 kann der news release in englischer Sprache entnommen werden, die Sie im Anhang an dieser Presseinformation finden. COLORADO SPRINGS, Colorado, March 10, 2006 – For the year ended December 31, 2005, Century Casinos, Inc. (NASDAQ Capital Market and the VSE: CNTY) reported record net operating revenue of \$37,445,000, a 4.7% increase over the \$35,765,000 reported in 2004. Net operating revenue for the fourth quarter increased to \$9,279,000 in 2005 from \$9,077,000 in 2004.

For the year ended December 31, 2005, the Company reported net earnings of \$4,481,000 or \$0.28 per share, compared to \$4,738,000 or \$0.35 per share for 2004. In the fourth quarter of 2004, the Company recorded a foreign currency translation gain on the sale of a South African subsidiary and recognized a net gain on the recovery of receivables previously written off in 2002 that had a \$555,000 positive impact on net earnings. The weighted average number of common shares outstanding increased to 15,923,585 for the year ended December 31, 2005 compared to 13,683,016 for the year ended December 31, 2004, primarily the result of the 7,132,667 common shares issued in the form of Austrian Depositary Certificates ("ADC") offered in October 2005 on the Vienna Stock Exchange.

For the quarter ended December 31, 2005, the Company reported net earnings of \$1,684,000 or \$0.08 per share, compared to \$1,454,000, or \$0.11 per share, for the same period of 2004. The average weighted number of common shares outstanding increased to 21,527,748 for the quarter ended December 31, 2005 compared to 13,686,824 for the same period in 2004, a result of the ADC offering. Total earnings from operations were \$1,465,000 in the fourth quarter of 2005 compared to \$1,305,000 in the fourth quarter of 2004. The most significant impacts on reported net earnings for the quarter were improved revenues at the Company's Cripple Creek, Colorado and Caledon, South Africa casinos. Net earnings in the fourth quarter of 2004 were impacted by the previously mentioned gain on sale of the South African subsidiary and recovery of receivables.

On a company-wide basis, operating margins (defined as earnings from operations divided by net operating revenue) for the year were 15.6% in 2005 compared to 19.6% in 2004 and for the quarter ended December 31, 2005 were 15.8% compared to 14.4% for the same period in 2004.

Adjusted EBITDA for the year and quarter ended December 31, 2004 include a \$555,000 positive impact from the sale of the Company's South African subsidiary and recovery of receivables.

The Company's tax benefit for the fourth quarter of 2005 results primarily from the exercise of stock options by certain officers and directors. The Company's tax benefit in the fourth quarter of 2004 is related to the Company's South African subsidiary's accrual of fees to its Mauritian parent for the entire 2004 calendar year, totaling \$1,327,000.

### **Caledon**

*Year ended December 31, 2005 vs. 2004*

Caledon's casino revenue increased by 16.0% during 2005 to \$14,549,000 compared to \$12,540,000 in 2004. The casino revenue in Rand increased by 14.6%, year over year. Casino expenses increased by \$541,000, or 10.6% during 2005 as compared to 2004. General and administrative expense was

\$2,529,000 in 2005 and \$2,170,000 in 2004. Excluding the effect in the Rand/Dollar conversion rate, general and administrative expense increased 16.1%, primarily the result of an increase in departmental payroll related to casino expansion and increases in service contracts related to the maintenance on the casino's player tracking system and external security. Operating margins, excluding the effect in the Rand/Dollar conversation rate, improved to 30.5% for the year ended December 31, 2005 from 25.5% for the same period in 2004. Net earnings for 2005 were \$3,132,000 compared to \$2,194,000 for 2004, or a 42.8% increase.

*Three months ended December 31, 2005 vs. 2004*

Caledon's casino revenue increased by 2.5% to \$3,759,000 for the fourth quarter of 2005 compared to \$3,668,000 reported in the fourth quarter of 2004. A decrease in the Rand versus the dollar when comparing the fourth quarter of last year to the current year has had a negative impact on the reported revenues and a positive impact on expenses. The casino revenue in Rand increased by 11.6% to R24, 413,000 compared to R21,885,000 in the fourth quarter of 2004. This increase is attributable to an increased number of slot machines, continued marketing efforts and efficient casino management. Casino expenses decreased slightly to \$1,450,000 in the fourth quarter of 2005 from \$1,483,000 in the comparable 2004 period. General and administrative expense for Caledon decreased 5.0% to \$645,000 in this quarter when compared to 2004, but remained flat when comparing the change in Rand. Depreciation expense decreased \$106,000 period over period. Net earnings in the fourth quarter of 2005 were \$1,073,000 compared to \$627,000 in the fourth quarter of 2004, or a 71.1% increase.

General and administrative expenses increased 4.5% to \$3,804,000 in 2005 from \$3,641,000, primarily due to the implementation and testing of Sarbanes-Oxley controls. Food and beverage revenues have decreased slightly as a result of the closure of one of the facility's two restaurants in the third quarter of 2005. General and administrative expenses increased by 18.7% to \$1,094,000 in the fourth quarter 2005 from \$922,000 in the fourth quarter 2004, a result of Sarbanes-Oxley expenditures and audit fees in 2005. Net earnings were \$187,000 in the fourth quarter of 2005 compared to \$248,000 in the fourth quarter of 2004.
