CENTURY CASINOS, INC. AND SUBSIDIARIES
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Unaudited)

1. DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION

Century Casinos, Inc. ("CCI" or the "Company") is an international casino entertainment company that owns and operates Womacks Casino and Hotel in Cripple Creek, Colorado, the Century Casino and Hotel in Edmonton, Alberta, Canada, and the Century Casino Millennium ("CM") in the Marriott Hotel in Prague, Czech Republic; operates the casinos aboard the Silver Wind, Silver Cloud, The World of ResidenSea, and the vessels of Oceania Cruises; and owns a 65% interest in, and has a management contract for, the Century Casino & Hotel in Central City, Colorado. Through its subsidiary Century Casinos Africa (Pty) Ltd. ("CCA"), CCI owns and operates The Caledon Hotel, Spa & Casino ("Caledon") near Cape Town, South Africa, as well as 60% of, and provides technical casino services to, Century Casino Newcastle located in Newcastle, South Africa. Furthermore, the Company's Austrian subsidiary, Century Casinos Europe GmbH ("CCE"), holds a 33.3% ownership interest in Casinos Poland Ltd., the owner and operator of seven casinos and one slot arcade in Poland. The Company continues to pursue other international projects in various stages of development.

The accompanying condensed consolidated financial statements and related notes have been prepared in accordance with accounting principles generally accepted in the United States of America ("US GAAP") for interim financial reporting and the instructions to Form 10-Q and Rule 10-01 of Regulation S-X. The accompanying condensed consolidated financial statements include the accounts of CCI and its majority-owned subsidiaries. All intercompany transactions and balances have been eliminated. The financial statements of all foreign subsidiaries consolidated herein have been converted to US GAAP for financial statement presentation purposes. Certain information and footnote disclosures normally included in financial statements prepared in accordance with US GAAP have been condensed or omitted. Certain reclassifications have been made to the 2006 financial information in order to conform to the 2007 presentation.

In the opinion of management, all adjustments considered necessary for fair presentation of financial position, results of operations and cash flows have been included. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006. The results of operations for the period ended March 31, 2007 are not necessarily indicative of the operating results for the full year.

Presentation of Foreign Currency Amounts - Historical transactions that are denominated in a foreign currency are translated and presented at the United States exchange rate in effect on the date of the transaction. Commitments that are denominated in a foreign currency and all balance sheet accounts other than shareholders' equity are translated and presented based on the exchange rate at the end of the reported periods. Current period transactions affecting the profit and loss of operations conducted in foreign currencies are valued at the average exchange rate for the period in which they are incurred. The exchange rates used to translate balances at the end of the reported periods are as follows:

	March 31, 2007	December 31, 2006	March 31, 2006
Canadian Dollars (CAD)	1.1529	1.1653	1.1671
Czech Koruna (CZK)	20.9160	20.8500	23.4260
Euros (€)	0.7478	0.7578	0.8237
Polish Zloty (PLN)	2.8916	2.9016	N/A
South African Rand (ZAR)	7.2968	7.0496	6.1556

Source: Pacific Exchange Rate Service

2. ACQUISITIONS

Century Casino Newcastle: On April 1, 2006, the Company acquired a 60.0% ownership in Century Casino Newcastle for approximately \$7.4 million (ZAR 45.5 million). To date, the Company has paid \$6.7 million (ZAR 40.5 million) towards the purchase. The remaining \$0.7 million (ZAR 5.0 million) is payable on the one year anniversary of the opening of a new casino (December 2, 2007) and is classified as a current liability on the March 31, 2007 and December 31, 2006 condensed consolidated balance sheets. Pro forma results of operations have not been presented as they would not have been materially different from previously reported amounts.

An additional \$0.4 million (ZAR 2.5 million) will be payable to the minority shareholders if casino revenues during the first 12 months of operations at the new casino exceeds \$13.5 million (ZAR 95.0 million). As of March 31, 2007, the Company does not deem it probable that casino revenues will exceed the required amount.

The final purchase price allocation resulted in the recognition of \$8.9 million (ZAR 54.3 million) of indefinite lived intangible assets. Intangible assets acquired represent casino licenses.

G5 Sp. z o.o.: On March 12, 2007, the Company, through its wholly owned subsidiary CCE, completed the acquisition of G5 Sp. z o.o. ("G5") for approximately \$2.8 million (€2.2 million). To date, the Company has paid \$2.0 million (€1.6 million). The remaining \$0.8 million (€0.6 million) is payable on September 12, 2007 and is classified as a current liability on the March 31, 2007 condensed consolidated balance sheet. In connection with the purchase, the Company loaned G5 approximately \$6.2 million (PLN 18.0 million) to repay existing loans between G5 and its creditors. The loan is secured by the outstanding shares of G5. Interest payments, calculated at the 1-month LIBOR rate plus 2% per annum, are payable annually. The loan matures on June 21, 2011. The loan and related interest are eliminated in consolidation. G5 owns 33.3% of all shares issued by Casinos Poland Ltd. Casinos Poland Ltd. owns and operates seven casinos and one slot arcade in Poland. The Company will account for this transaction under the equity method of accounting. The Company's maximum exposure to losses at March 31, 2007 is \$9.4 million, the value of the equity investment in CPL.

3. SHAREHOLDERS' EQUITY

Subsidiary Preference Shares - In connection with the granting of a gaming license to Century Casinos Caledon (Pty) Ltd. ("CCAL") by the Western Cape Gambling and Racing Board in April 2000, CCAL issued a total of 200 preference shares, 100 shares each to two minority shareholders, each of whom has one seat on the board of directors of CCAL, neither of whom is an officer, director or affiliate of CCI. In January 2006, 200 preference shares of a new class ("Class A shares") were authorized for issuance. The Class A shares are neither cumulative nor redeemable. Each Class A share entitles the holder to dividends of 0.009% of the annual gross gambling revenue of the Caledon Hotel, Spa and Casino after the deduction of gaming taxes and value added tax. Furthermore, should the casino business be sold or otherwise dissolved, for each Class A share held, the shareholder would be entitled to 0.009% of any surplus directly attributable to the casino business, net of all liabilities attributable to the casino business. During the three months ended March 31, 2007, the second of two preference shareholders accepted the offer to transfer all 100 of its original preference shares for 100 Class A shares and was paid ZAR 5,000 per share as an incentive to exchange their original preference shares for Class A shares.

CCAL paid \$0.2 million (ZAR 1.6 million) of preference dividends for the quarter ended March 31, 2007, which includes a one time dividend payment of \$0.2 million (ZAR 1.2 million) to the preference shareholder that exchanged its shares during the quarter. Preference dividends were not paid nor were payable for the quarter ended March 31, 2006.

4. PROMOTIONAL ALLOWANCES

Promotional allowances presented in the condensed consolidated statements of earnings for the three-month periods ended March 31, 2007 and 2006 include the following:

<i>Amounts in thousands</i>	For the three months ended March 31,	
	2007	2006
Food & Beverage and Hotel	\$ 689	\$ 287
Free Plays or Coupons	788	335
Player Points	711	279
Total Promotional Allowances	<u>\$ 2,188</u>	<u>\$ 901</u>

5. INCOME TAXES

The Company adopted the provisions of Financial Accounting Standards Board Interpretation No. 48, Accounting for Uncertainty in Income Taxes ("FIN 48"), on January 1, 2007. FIN 48 seeks to reduce the diversity in practice associated with certain aspects of the recognition and measurement related to accounting for income taxes. The Company has analyzed filing positions in all of the federal, state and foreign jurisdictions where it is required to file income tax returns, as well as all open tax years in these jurisdictions. The Company has identified its U.S. federal tax return, its state tax return in Colorado and its foreign tax returns in South Africa as "major" tax jurisdictions, as defined. The only periods subject to examination for the Company's federal return are the 2005 through 2006 tax years. The periods subject to examination for the Company's state returns in Colorado are years 2003 through 2006. The periods subject to examination for the Company's statutory income tax returns in South Africa are years 2002 through 2006. As a result of the implementation of FIN 48, we recognized a \$0.1 million liability for unrecognized tax benefits related to tax positions taken in prior periods, which is recorded as a component of other long-term accrued liabilities. This increase was accounted for as an adjustment to the opening balance of retained earnings on January 1, 2007.

We may from time to time be assessed interest or penalties by major tax jurisdictions, although any such assessments historically have been minimal and immaterial to our financial results. The Company's policy for recording interest and penalties associated with audits is to record such items as a component of earnings before income taxes. Penalties are recorded in general and administrative expenses and interest paid or received is recorded in interest expense or interest income, respectively, in the condensed consolidated statement of earnings.

The income tax provisions are based on estimated full-year earnings for financial reporting purposes adjusted for permanent differences. The provision for income tax expense consists of the following:

<i>Amounts in thousands</i>	For the three months ended March 31,	
	2007	2006
Provision for federal income taxes	\$ (62)	\$ 31
Provision for state income taxes	(9)	4
Provision for foreign income taxes	395	321
Total Provision for income taxes	<u>\$ 324</u>	<u>\$ 356</u>

Reconciliation of federal income tax statutory rate to the Company's effective tax rate is as follows:

	For the three months ended March 31,	
	2007	2006
Federal income tax statutory rate	34.0%	34.0%
Foreign income taxes	(46.0%)	(40.8%)
State income tax (net of federal benefit)	3.0%	2.2%
Losses assigned to minority partner	9.2%	8.0%
Permanent and other items	18.3%	17.6%
Total provision for income taxes	<u>18.5%</u>	<u>21.0%</u>

The Company consolidates the results of CC Tollgate LLC ("CTL") in which it holds a 65% majority interest. No provision for income tax on the losses allocated to the minority partner are included in the condensed consolidated statements of earnings for the three months ended March 31, 2007 and 2006.

6. EARNINGS PER SHARE

Basic and diluted earnings per share for the three months ended March 31, 2007 and 2006 were computed as follows:

<i>Amounts in thousands, except for share information</i>	For the three months ended March 31,	
	2007	2006
Basic Earnings Per Share:		
Net earnings	\$ 1,542	\$ 1,690

8. COMMITMENTS, CONTINGENCIES AND OTHER MATTER

Hermanus Road Construction - On March 27, 2007, CCAL and the Provincial Government of the Western Cape entered into an agreement whereby CCAL committed \$1.1 million (ZAR 8.0 million) towards the construction of a highway between Caledon and Hermanus, South Africa. CCAL will be billed by the Provincial Government in increments of 16% of the value of work completed by the contractor. Construction of the road is expected to begin by April 1, 2008 and be completed by April 1, 2009. CCAL will not be responsible for any amounts in excess of \$1.1 million (ZAR 8.0 million) or for any construction costs subsequent to April 1, 2009. Any excess costs will be borne by the Provincial Government. The Company has recorded \$1.1 million (ZAR 8.0 million) as a component of other long-term accrued liabilities and casino licenses and other intangible assets on the March 31, 2007 condensed consolidated balance sheet.

Item 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Forward-Looking Statements, Business Environment and Risk Factors

This quarterly report on Form 10-Q contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. In addition, Century Casinos, Inc. (the "Company") may make other written and oral communications from time to time that contain such statements. Forward-looking statements include statements as to industry trends and future expectations of the Company and other matters that do not relate strictly to historical facts and are based on certain assumptions by management. These statements are often identified by the use of words such as "may," "will," "expect," "believe," "anticipate," "intend," "could," "estimate," or "continue," and similar expressions or variations. These statements are based on the beliefs and assumptions of the management of the Company based on information currently available to management. Such forward-looking statements are subject to risks, uncertainties and other factors that could cause actual results to differ materially from future results expressed or implied by such forward-looking statements. Important factors that could cause actual results to differ materially from the forward-looking statements include, among others, the risks described in the section entitled "Risk Factors" under Item 1A in our Annual Report on Form 10-K filed on March 16, 2007. We caution the reader to carefully consider such factors. Furthermore, such forward-looking statements speak only as of the date on which such statements are made. We undertake no obligation to update any forward-looking statements to reflect events or circumstances after the date of such statements.

This report includes amounts translated into U.S. dollars from certain foreign currencies. For a description of the currency conversion methodology and exchange rates used for certain transactions, see Note 1 to the condensed consolidated financial statements included elsewhere in this report.

References in this item to "we," "our," or "us" are to the Company and its subsidiaries on a consolidated basis unless the context otherwise requires.

AVAILABLE INFORMATION

All reports filed by the Company with the Securities and Exchange Commission ("SEC") are available free of charge via EDGAR through the SEC website at www.sec.gov. In addition, the public may read and copy materials filed by the Company with the SEC at the SEC's public reference room located at 450 Fifth St., N.W., Washington, D.C. 20549. The Company also provides copies of its Forms 8-K, 10-K, 10-Q, Proxy Statement and Annual Report at no charge to investors upon request and makes electronic copies of its most recently filed reports available through its website at www.centurycasinos.com as soon as reasonably practicable after filing such material with the SEC.

ADJUSTED EBITDA

The following discussion includes a pro forma measurement of net earnings that we define as earnings before interest, taxes, depreciation, amortization and minority interest ("Adjusted EBITDA"). Adjusted EBITDA is not considered a measure of performance recognized under US GAAP. Management believes that Adjusted EBITDA is a valuable measure of the relative non-US GAAP performance among our operating segments. The gaming industry commonly uses Adjusted EBITDA as a method of arriving at the economic value of a casino operation. Management uses Adjusted EBITDA to compare the relative operating performance of separate operating units by eliminating the interest income, interest expense, income tax expense, depreciation expense, amortization expense and minority interest associated with the varying levels of capital expenditures for infrastructure required to generate revenue, and the often high cost of acquiring existing operations. Our lending institutions use EBITDA (Earnings before interest, taxes, depreciation and amortization) to gauge operating performance. Other companies may not define, calculate or use Adjusted EBITDA in the same manner as we do.

The following table shows Adjusted EBITDA by property. For a reconciliation of net earnings to Adjusted EBITDA, please refer to the individual segment's discussion in the following Management's Discussion and Analysis.

<i>Amounts in thousands</i>	For the three months ended March 31,	
	2007	2006
Adjusted EBITDA		
Cripple Creek, Colorado	\$ 1,293	\$ 1,432
Central City, Colorado	1,055	(102)
Caledon, South Africa	1,612	2,111
Newcastle, South Africa	887	-
Edmonton, Canada	983	9
All other operating segments	258	228
Corporate	(882)	(1,290)
Total Adjusted EBITDA	\$ 5,206	\$ 2,388

OVERVIEW

Our executive officers review operating results, assess performance and make decisions related to the allocation of resources on a property-by-property basis. We therefore believe that each property is an operating segment. In order to provide more detail than would be possible on a consolidated basis, our properties have been grouped as follows to facilitate discussion of our operating results:

Cripple Creek, Colorado includes the operating results of WMCK Venture Corp. ("WMCK") and subsidiaries, which own Womacks Casino and Hotel ("Womacks") in Cripple Creek, Colorado.

Caledon, South Africa includes the operating results of Century Casinos Caledon (Pty) Ltd. ("CCAL"), which operates the Caledon Hotel, Spa and Casino, and its related food service operation.

Newcastle, South Africa includes the operating results of Century Casino Newcastle (Pty) Ltd. ("CNEW"), which owns and operates Century Casino Newcastle in Newcastle, South Africa and its related food service operation.

Central City, Colorado includes the operating results of Century Casinos Tollgate, Inc., which owns a majority interest in and operates a casino and hotel in Central City, Colorado.

Edmonton, Canada includes the financial results of Century Resorts Alberta, Inc., which owns and operates the Century Casino & Hotel in Edmonton, Alberta, Canada.

All Other Operating Segments includes the operating results of the shipboard operations for which the Company has casino concession agreements and, subsequent to April 13, 2006, the operating results of Century Casino Millennium ("CM") located in Prague, Czech Republic.

Corporate operations include, among other items, the expenses associated with being a public company, including Sarbanes-Oxley Act compliance, and general corporate overhead expenses. In addition, reclassification and eliminating entries are recorded in this segment.

CONSOLIDATED RESULTS OF OPERATIONS

We reported net operating revenue of \$21.1 million and \$9.5 million for the three months ended March 31, 2007 and 2006, respectively. Casino revenue was \$20.0 million and \$9.1 million for the three months ended March 31, 2007 and 2006, respectively. Casino expense was \$8.4 million and \$3.5 million for the three months ended March 31, 2007 and 2006, respectively. General and administrative expense was \$5.8 million and \$3.0 million for the three months ended March 31, 2007 and 2006, respectively. Depreciation expense was \$2.0 million and \$0.8 million for the three months ended March 31, 2007 and 2006, respectively.

Total earnings from operations were \$2.6 million and \$1.5 million for the three months ended March 31, 2007 and 2006, respectively.

We recorded income tax expense of \$0.3 million and \$0.4 million for the three months ended March 31, 2007 and 2006, respectively.

Our net earnings were \$1.5 million, or \$0.07 per basic share, and \$1.7 million, or \$0.08 per basic share, for the three months ended March 31, 2007 and 2006, respectively.

The most significant impacts on reported earnings for the three months ended March 31, 2007 were:

- Our new casinos in Central City, Colorado, Newcastle, South Africa and Edmonton, Canada contributed \$11.3 million towards the total increase of \$11.7 million in net operating revenue and contributed \$9.4 million towards the total increase of \$10.6 million in net operating expenses;
- We recognized a foreign currency gain of approximately \$0.8 million on cash used towards the purchase of a casino holding company in Poland; and
- Net interest charges increased \$1.7 million primarily due to the interest charges on bank debt that funded the construction of the three new casinos.

A discussion by property follows below.

CRIPPLE CREEK, COLORADO

The operating results of the Cripple Creek, Colorado segment, primarily the operations of Womacks, for the three months ended March 31, 2007 and 2006 are as follows:

<i>Amounts in thousands</i>	For the three months ended March 31,	
	2007	2006

	For the three months ended March 31,	
	2007	2006
Market share of the Cripple Creek gaming revenue*	12.0%	11.6%
Average number of slot machines	592	585
Market share of Cripple Creek gaming devices*	12.6%	12.3%
Average slot machine win per day	\$ 81	\$ 80
Cripple Creek average slot machine win per day*	\$ 84	\$ 84

*Source: Colorado Division of Gaming

Management believes that January 2007 revenues in Cripple Creek were negatively impacted by a series of winter storms that occurred in January. Strong revenue growth in February and March 2007 offset the January results. The Womacks casino is one of the largest gaming facilities in Cripple Creek. Management continues to focus on the marketing of Womacks through the player's club. Womacks has continued the effort to improve the customer experience by converting 419 slot machines, which represents more than 69% of the total machines on the floor, to Ticket in/Ticket Out ("TITO") devices, compared to 59% at March 31, 2006. Management uses points and coupons to attract customers with the expectation of increasing gaming revenue, while monitoring and adjusting the programs as necessary. Based on management's ongoing evaluation of the comp policies at the casino, the cost of points and coupons is in line with management's expectations and prior year results. There were a number of changes made in key management positions at Womacks during the third quarter of 2006. The changes are expected to bring fresh ideas to help strengthen Womacks in a highly competitive market.

Casino revenue for the three months ended March 31, 2007 was 4.9% higher than during the same period last year, and net operating revenue increased 5.8% as a result of improved management and increased marketing efforts. Womacks' market share of gaming devices increased 2.4%. For the entire Cripple Creek market, gaming revenue declined during the three months ended March 31, 2007, closing 1.7% lower than during the same period last year.

Casino expense increased by 16.4%, or \$0.2 million, for the three months ended March 31, 2007 as compared to the three months ended March 31, 2006, primarily the result of increased casino revenues for the period and increased marketing. Casino marketing expenses increased \$0.1 million for the three months ended March 31, 2007 as compared to three months ended March 31, 2006.

General and administrative costs for the three months ended March 31, 2007 increased 12.6%, or \$0.1 million, when compared to general and administrative costs for the three months ended March 31, 2006, primarily due to increased maintenance expenditures and workers compensation insurance charges.

Net interest expense is impacted by amounts advanced to the Corporate segment to fund the Company's acquisitions.

Cripple Creek's effective tax rate has remained stable at approximately 38%.

In late 2007, a larger casino is expected to open in Cripple Creek. Management believes this casino will have approximately 700 slot machines and 10 table games and will introduce further competition to our casino.

CENTRAL CITY, COLORADO

We opened a casino and hotel in Central City, Colorado on July 11, 2006. Prior to July 11, 2006, operating expenses for this segment consisted primarily of pre-opening and non-capitalizable construction expenditures. The operating results of the Central City, Colorado segment for the three months ended March 31, 2007 and 2006 are as follows:

<i>Amounts in thousands</i>	For the three months ended March 31,	
	2007	2006

*Source: Colorado Division of Gaming

Casino revenues in Central City continue to be below what we have initially projected. Management believes that January 2007 revenues in Central City were negatively impacted by a series of winter storms that occurred in January. Although revenues have not yet met our expectations, gaming revenue has grown consistently since opening. The property is currently operating with 566 slot machines. We are currently reviewing various strategies to increase revenues and adjusted EBITDA at the property. We may add more slot machines in the future. Management has focused on the development of player club memberships, with results being better than expected. We now have approximately 50,000 players in our player club database. Management's marketing strategy will continue to focus on direct marketing to the players in our database.

For the three months ended March 31, 2007, the significant increase in interest expense relates to interest that we are incurring based on an average debt balance of approximately \$30.7 million for the three months ended March 31, 2007. In an effort to reduce third party interest charges, we repaid \$12.5 million of this debt in March 2007, utilizing cash on hand from other Company resources. For the three months ended March 31, 2006, a majority of our interest charges were capitalized towards the cost of the construction of the casino and hotel.

In April 2006, we began allocating pre-tax losses to the minority partner in proportion to its ownership percentage. Prior to this date, by agreement all losses were allocated to the minority partner until its capital account balances were in the same proportion as its ownership percentage. The calculation of minority interest is determined prior to the elimination of intercompany management fees.

As CC Tollgate LLC, the operating company of this segment, is a limited liability company, income taxes are provided for on income that will be distributed to us using an effective tax rate of 38%; therefore, pre-tax income is reduced by the minority interest in determining the income subject to tax. No provision on the pre-opening losses incurred for the three months ended March 31, 2006 was made as these losses were allocated to the minority partner.

CALEDON, SOUTH AFRICA

The operating results of the Caledon, South Africa segment are primarily those related to the operations of the Caledon Hotel, Spa and Casino. Intercompany transactions, including fees to its parent, shareholder's interest and their related tax effects have been eliminated within the segment's results. Operational results in US dollars for the three months ended March 31, 2007 and 2006 are as follows: (See next page for results in Rand).

<i>Amounts in thousands</i>	For the three months ended March 31,	
	2007	2006

Casino Market Data (in Rand)

	For the three months ended March 31,	
	2007	2006
Market share of the Western Cape gaming revenue*	4.9%	5.9%
Market share of Western Cape gaming devices*	11.0%	12.7%
Average number of slot machines	350	343
Average slot machine win per day	ZAR 778	ZAR 753
Average number of tables	6	8
Average table win per day	ZAR 3,366	ZAR 2,587

*Source: Western Cape Gambling and Racing Board

Deterioration of the Rand versus dollar has had a negative impact on the segment's year-to-date results reported in dollars. The results discussed below are based on the Rand to eliminate the effect of this impact.

Casino revenue increased 4.9% from the first quarter of 2006 to the first quarter of 2007, a period in which average table win per day increased 30.1% and average slot win per day increased 3.3%. Our market share of the Western Cape gaming revenue declined due to the opening of a new casino in November 2006. The Western Cape now operates with the maximum permitted number of casinos. Casino expenses increased 12.7% from the first quarter of 2006 to the first quarter of 2007 and are directly related to the increase in casino revenues and increased advertising expenditures.

Hotel, food and beverage revenues increased ZAR 1.2 million for the three months ended March 31, 2007 as compared to the three months ended March 31, 2006. This is due to an increase in our hotel occupancy rate from 46% for the first quarter of 2006 to 54% for the first quarter of 2007, combined with an increase in room rates as a result of upgraded rooms (i.e. standard rooms becoming deluxe rooms).

Other operating revenue (net of promotional allowances) principally consists of promotional allowances and revenue generated from the resort's ancillary services. The improvement in the net negative impact of other operating revenue (net of promotional allowances) is due to additional revenues generated by ancillary services provided by the resort and a revision of the casino's complementary policy.

The ZAR 0.3 million increase in Caledon's general and administrative expenses is primarily the result of a ZAR 0.5 million payment made to a preference shareholder during the three months ended March 31, 2007 for the exchange of its preference shares for a new class of Class A preference shares. This increase was offset by a reduction in overall general and administrative expenses resulting from the allocation of certain shared overhead expenses to the Newcastle, South Africa segment. The Newcastle, South Africa segment did not begin operations until April 1, 2006.

Depreciation expense increased ZAR 0.5 million, primarily the result of property improvements made in the second half of 2006.

Interest income on cash earned in interest bearing accounts increased ZAR 0.2 million for the three months ended March 31, 2007 as compared to the three months ended March 31, 2006.

Interest expense for CCAL increased ZAR 0.1 million. This is due to the impact of the South African prime rate on our variable debt. For the three months ended March 31, 2006, the South African prime rate was 10.5%. As of March 31, 2007, the rate was 12.5%.

The income tax provisions are based on estimated full-year earnings for financial reporting purposes and are adjusted for permanent differences. Therefore, the tax provision will vary from period to period. The marginal tax rate on income in South Africa is currently 29%. CCAL's effective tax rate for the three months ended March 31, 2007 was 35% compared to 30% in the same 2006 period.

Preference shareholders are entitled to per share dividends of 0.009% of the annual gross gambling revenue of the Caledon Hotel, Spa and Casino after the deduction of gaming taxes and value added tax. Caledon paid preference shareholder dividends of approximately ZAR 1.6 million for the three months ended March 31, 2007, which includes a one time dividend payment of ZAR 1.2 million to the preference shareholder that exchanged its original preference shares for Class A preference shares during the quarter. No dividends were paid nor were payable during the three months ended March 31, 2006.

*Source: KwaZulu-Natal Gambling Board

We acquired our ownership interest in Century Casino Newcastle as of April 1, 2006. Between April 1 and December 2, 2006, the operations of the casino were limited and our efforts were focused on the construction of a new facility, which opened on December 2, 2006. For the three months ended March 31, 2007, operations continue to be in line with our expectations.

Interest expense is payable on a ZAR 50.0 million term loan with Nedbank, bearing an interest rate of South African prime less 1.5% (11.0% as of March 31, 2007). The principal balance outstanding under the term loan agreement was ZAR 47.4 million as of March 31, 2007.

The calculation of minority interest is determined prior to the elimination of intercompany management fees. An additional \$0.4 million (ZAR 2.5 million) will be payable to the minority shareholders if casino revenues during the first 12 months of operation at the new casino exceeds \$13.5 million (ZAR 95.0 million). As of March 31, 2007, we do not deem it probable that casino revenues will exceed the required amount.

The income tax provisions are based on estimated full-year earnings for financial reporting purposes and are adjusted for permanent differences. Therefore, the tax provision will vary from period to period. The marginal tax rate on income in South Africa is currently 29%. Newcastle's effective tax rate for the three months ended March 31, 2007 was 30%.

EDMONTON, CANADA

We opened a casino and hotel in Edmonton, Alberta, Canada on November 17, 2006. Prior to this date, operating expenses for this segment consisted primarily of pre-opening and non-capitalizable construction expenditures. The operating results of the Edmonton, Canada segment for the three months ended March 31, 2007 and 2006 are as follows: (See next page for results in Canadian dollars)

Prior to November 17, 2006, all costs incurred represent pre-opening expenses. The first quarter of 2007 represents the first full quarter that the casino has been operating. Since opening, gaming revenues are slightly below our expectations, due to a lower than expected return on table games. We do not expect this to be a continuing trend. We are in the process of reviewing the cost and staffing structure of the operation to bring them in line with current revenue levels.

We opened the casino with 600 slot machines and may receive additional machines from the Alberta Gaming and Liquor Commission in the future.

Delays in opening the hotel have hampered hotel, food and beverage revenues. The hotel opened in March 2007.

Management has focused on the development of player's club memberships, with over 8,500 players in our player club database. Management's marketing strategy will focus on direct marketing to the players in our database, as well as the marketing of our dinner theater and hotel.

For the three months ended March 31, 2007, the significant increase in interest expense relates to interest that we are incurring based on approximately \$17.7 million (CAD 19.9 million) of outstanding debt. For the three months ended March 31, 2006, this interest was capitalized towards the cost of the construction of the casino and hotel.

Income taxes in Edmonton are taxed at a statutory rate of 33.6%.

ALL OTHER OPERATING SEGMENTS

Combined operating results for our ship-based casinos and, subsequent to April 13, 2006, Century Casino Millennium ("CM") for the three months ended March 31, 2007 and 2006 are as follows:

<i>Amounts in thousands</i>	For the three months ended March 31,

Cruise Ships

We experience fluctuations in the casino revenue generated on each cruise depending on the number and gaming quality of the passengers, and these fluctuations may be extreme. In addition, the cruise ships on which we conduct operations may be out of service from time to time for periodic maintenance or based on the operating schedule of the cruise line. As a result, revenues from our cruise ship based operations may fluctuate significantly from period to period. Cruise ship earnings are also affected by an increase in concession fees in proportion to the revenue.

In January 2007, our casino concession agreement with the World of Residencea was extended for an unlimited period of time, subject to termination under certain conditions.

Our right to operate the casinos aboard the Silver Shadow and Silver Whisper, cruise ships operated by Silversea Cruises, Ltd. ("Silversea"), terminated at the end of September 2005 and at the beginning of July 2006, respectively. On March 8, 2006, we received notification from Silversea that our right to operate the casino aboard the Silver Wind cruise ship would terminate as of May 16, 2007. In addition, we also received notification from Silversea purporting to terminate our right to operate the casino aboard the Silver Cloud cruise ship as of March 30, 2006; however, we believe the purported termination was untimely under the terms of our casino concession agreement with Silversea, resulting in a five year extension of the agreement as to the Silver Cloud. In April 2006, Silversea commenced an arbitration proceeding with the International Chamber of Commerce International Court of Arbitration seeking to terminate the concession agreement as to the Silver Cloud. We have filed an answer denying that the agreement as to the Silver Cloud was terminated and seeking to confirm that we have the right to a five-year extension of the agreement. We have also filed a counterclaim seeking damages arising from the wrongful termination of the concession agreement. We intend to continue operation of our casino aboard the Silver Cloud pending resolution of the arbitration, which will be held in May 2007.

Cruise ship casino revenues decreased 16.0% for the three months ended March 31, 2007 as compared to the three months ended March 31, 2006. For the three months ended March 31, 2006, we operated casinos aboard seven ships. For the three months ended March 31, 2007, we operated casinos aboard six ships, which contributed to the decline in revenues.

Concession fees paid to the ship operators in accordance with the agreements accounted for approximately \$0.3 million and \$0.4 million of the total casino expenses incurred for the three months ended March 31, 2007 and 2006, respectively.

Casino expenses, excluding concession fees, increased slightly to 29.6% of casino revenue for the three months ended March 31, 2007 as compared to 29.2% of casino revenue for the three months ended March 31, 2006, primarily due to increased travel expenses associated with employee rotation.

The cruise ship concession agreements were assigned to our wholly-owned subsidiary Century Resorts International ("CRI") as of October 1, 2003 and have since been subject to an effective tax rate of 3% in Mauritius.

Century Casino Millennium

We began consolidating the operating results of CM on April 13, 2006. Prior to this time, we were accounting for the results of CM as an equity-method investment. CM accounted for \$0.7 million of this segment's revenue for the three months ended March 31, 2007, \$0.4 million of the total increase in casino expenses and substantially all of the increase in general and administrative expenses for this segment.

Adjusted EBITDA	\$ (882)	\$ (1,290)

Revenue in the Corporate segment includes fees paid by CM under a technical services agreement, prior to the acquisition of CM on April 13, 2006. All management fees among consolidated subsidiaries are eliminated in the presentation of results.

General and administrative expenses increased \$0.4 million for the three months ended March 31, 2007 compared to the three months ended March 31, 2006, primarily because of increased compensation charges, increased travel and communication expenses, and higher professional fees. We have increased the number of employees to support our growth.

Interest income for this segment is directly related to the cash reserves we have from the stock offering we completed in October 2005 and the exercise of stock options.

For the three months ended March 31, 2006, the net negative interest expense, excluding amounts allocated from the Cripple Creek segment, results from the elimination of the interest on intercompany debt that was used to finance our construction projects in Central City, Colorado and Edmonton, Alberta, Canada. The interest charged to these segments is capitalized as part of the construction costs and does not appear as interest expense. Caledon's loan with Nedbank was the primary source of debt that funded the early stages of construction in Edmonton and Newcastle.

We recognized approximately \$0.8 million in foreign currency gains on the exchange of currency which is included in other income.

The Corporate segment includes earnings and losses sustained by multiple companies taxed at their respective country's rates. The mix of earnings and losses impacts the effective rate reported in the segment. For the three months ended March 31, 2007 and 2006, the tax benefit on net U.S. losses (primarily resulting from our new operation in Central City, Colorado) exceeds the tax on net non-U.S. earnings, which are taxed at significantly lower rates.

LIQUIDITY AND CAPITAL RESOURCES

Cash Flows

Cash and cash equivalents totaled \$16.8 million at March 31, 2007, and the Company had working capital (current assets minus current liabilities) of \$0.2 million compared to cash and cash equivalents of \$35.0 million and working capital of \$5.2 million at December 31, 2006.

We use the cash flows that we generate to fund reinvestment in existing properties for both refurbishment and expansion projects and to pursue additional growth opportunities via new development opportunities. When necessary, we supplement the cash flows generated by our operations with either cash on hand or funds provided by financing activities.

For the three months ended March 31, 2007, we used \$0.7 million of net cash in operating activities. For the three months ended March 31, 2006, \$6.4 million of cash was provided by operating activities. The change from the 2006 quarterly period relates primarily to changes in working capital items, which can vary from period to period based on the timing of cash receipts and payments, offset by cash generated from operations. For a description of the operating activities of the Company, please refer to the condensed consolidated statements of cash flows and management's discussion of the results of operations by segment.

Cash used in investing activities of \$3.9 million for the first three months of 2007 consisted of \$2.0 million towards the acquisition of G5 Sp. z o.o., a Polish entity that owns a 33.3% interest in Casinos Poland; \$0.1 million in property and equipment additions at Womacks; \$0.4 million towards construction in Edmonton, Alberta, Canada; \$0.2 million in gaming equipment additions in Central City, Colorado; \$0.8 million towards property improvements and furniture and fixtures at our Newcastle, South Africa property; and \$0.3 million of cumulative additions at our other remaining properties.

Cash used in investing activities of \$25.6 million for the first three months of 2006 consisted of a \$5.1 million buyout of our minority partner in CRA; \$0.1 million in property and equipment additions at Womacks; \$0.9 million in property improvements at Caledon, South Africa; \$0.1 million in additions to our corporate office in Vienna, Austria; \$0.2 million in expenditures to upgrade some of the cruise ships with new gaming equipment; \$8.2 million towards construction in Central City, Colorado; and \$4.5 million in additional expenditures towards construction on the property in Edmonton, Alberta, Canada. In addition, we deposited \$6.6 million of cash towards our purchase of the property in Newcastle, South Africa.

Cash used in financing activities of \$12.3 million for the first three months of 2007 consisted of net repayments of \$12.0 million towards the Central City term loan; net repayments of \$0.8 million towards the Womacks revolving credit facility; and net repayments of \$0.8 million towards our South African debt. These repayments were offset by borrowings of \$0.9 million under the loan agreement with Canadian Western Bank for the Edmonton property, a release of restricted cash in Edmonton of \$0.2 million and \$0.2 million of proceeds and tax benefits from stock option exercises.

Cash provided by financing activities of \$9.7 million for the first three months of 2006 consisted of borrowings of \$5.0 million under the Tollgate construction loan and net borrowings of \$5.2 million under the Womacks revolving credit facility with Wells Fargo. These inflows of cash were offset by repayments of \$0.6 million towards our Caledon loan agreement with Nedbank Limited.

Common Stock Repurchase Program

Our Board of Directors has approved a discretionary program to repurchase up to \$5.0 million of the Company's outstanding common stock. We did not purchase any shares of our common stock on the open market during the three months ended March 31, 2007 or 2006. The total remaining authorization under the repurchase program was \$1.2 million as of March 31, 2007. The repurchase program has no set expiration or termination date.

Sources of Liquidity

In addition to our cash on hand, additional liquidity at Womacks may be provided by our revolving credit facility with Wells Fargo Bank (“Wells Fargo”), under which we currently have a total available commitment of \$17.0 million and unused borrowing capacity of approximately \$6.4 million, based on Womacks’ current EBITDA, at March 31, 2007. The maturity date of the borrowing commitment is December 2008. The available balance was reduced by \$0.7 million on April 1, 2007 and will be further reduced by \$0.7 million at the beginning of each quarter until maturity in December 2008. Borrowings under the credit facility may be used for capital expenditures and working capital at Cripple Creek and corporate headquarters. Womacks is also permitted to make cash distributions to us up to the amount of our capital contributions subject to a limitation based on Womacks’ current EBITDA (currently \$8.5 million).

Additional liquidity for our Central City property may be provided by our \$2.5 million revolving line of credit with Wells Fargo. The revolving line of credit matures on November 21, 2011. Availability under the line of credit is conditional upon CTL’s compliance with all of the financial and other covenants contained in the loan agreement at the time of a particular drawdown, and our continued ability to make certain representations and warranties.

We expect that the primary source of our future operating cash flows will be from gaming operations. We expect to continue to rely on revolving lines of credit and term loans from commercial banks or other debt instruments to supplement our working capital and investing requirements. We believe that our cash at March 31, 2007, together with expected cash flows from operations and borrowing capacity under the various credit facilities, will be sufficient to fund our anticipated operating costs and capital expenditures at existing properties and to satisfy our current debt repayment obligations. We will continue to evaluate our planned capital expenditures at each of our existing locations in light of the operating performance of the facilities at such locations. From time to time we expect to have cash needs for the development of new properties or expansion of existing properties that exceed our current borrowing capacity and we may be required to seek additional financing in the debt or equity markets. We may be unable to obtain additional debt or equity financing on acceptable terms. As a result, limitations on our capital resources could delay or cause us to abandon certain plans for the development of new properties or expansion of existing properties.

Item 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We had no significant changes in our exposure to market risks from that previously reported in our Annual Report on Form 10-K for the year ended December 31, 2006.

Item 4. CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures - Our management, with the participation of our Co Chief Executive Officers, Senior Vice President and Chief Accounting Officer, has evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act"), as of the end of the period covered by this report. Based on such evaluation, our principal executive officers, principal financial officer and principal accounting officer have concluded that as of such date, our disclosure controls and procedures were designed to ensure that information required to be disclosed by us in reports that we file or submit under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in applicable Securities and Exchange Commission rules and forms and were effective.

Changes in Internal Control Over Financial Reporting - There has been no change in our internal controls over financial reporting (as such term is defined in Rules 13a-15(e) and 15(d)-15(e) under the Exchange Act) during the first quarter of 2007 that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II - OTHER INFORMATION

Item 6. - Exhibits

(a) Exhibits - The following exhibits are filed herewith:

- 3.1 Certificate of Incorporation is hereby incorporated by reference to Century Casinos' Proxy Statement in respect of the 1994 Annual Meeting of Stockholders.

3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officers and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15(d)-15(f)) for the registrant and have:
 - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
 - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
 - c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this quarterly report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
 - d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officers and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors (or persons performing the equivalent function):
 - a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
 - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
