- b. Entries through the race office open at 9:00AM on the designated entry day.
- c. Entries must be declared by 10:30AM. Any and all horses entered after such time hold no preferences over any single or double entry.
- d. Horses entered without papers/digital certificates on file have no preference, except in Stakes Races.
- e. All first-time starters are required to have digital certificates on file in order to enter.

Scratch time will be 10:00AM the day of the race.

For all races where nominations are taken, closing time will be 11:59PM MST on the date indicated. Nominations can be made via phone, email or through the Interactive Racing Office (online).

The Racing Secretary may refuse the entry of a horse at any time. Owners, Trainers, and Authorized Agents are the only persons permitted to make entries.

HORSE RACING ALBERTA RULE #153 t, Condition on racing a horse;

(2) Thoroughbred horses foaled in Canada must be registered with the Canadian Thoroughbred Horse Society prior to being allowed to race.

No horse shall be permitted to be entered in the body of more than one race on one day – Stakes included. Horses on the also-eligible list are not “in-today” horses. Such horses may enter for the succeeding day and receive any preference to which they may be entitled. However, if a horse gets in a succeeding race, it will be scratched automatically from the race it was to be also eligible for. Stakes races excluded. The status of such horses must be noted at the time of entry.

Should an Alberta-bred race not be filled by 10:15AM, an announcement will be made to the number of horses in the race. Should the race not fill by 10:30AM, at the discretion of the Racing Secretary, it can be opened up with Alberta-bred preferred at the draw.

Any horse drawn into the body of the race because of inaccurate information could be scratched and such horse could lose its previously held date.

Horses penalized in a race shall not be entitled to any of the allowances in such a race. Horses not entitled to the first allowance in a race are not entitled to the second and if not the second, then to any subsequent allowance unless specified in the conditions of the race.

Owners and trainers when entering horses in races are cautioned to check carefully the eligibility of their horse and the allowances claimed in all races. Under the universal rules of racing an owner or trainer is responsible for the eligibility and the weight the horse carries. The Racing Secretary will be glad to give horsemen any information in respect to their horses that is desired, but the final responsibilities rest with the owners and trainers.

Horses that run will receive a running date corresponding to the date they race and lose the date previously held.

All horses placed on the Steward's, Veterinarian's or Starter's lists will be posted in the racing office. They will not be permitted to enter until they have been approved to start. Horses placed on these lists will keep their date if they ran in the particular race in which they made the list. Horses which are scratched will be given a date for the day the horse comes off the list.

Horses which have established a date at the current meeting may lose that preference date if they demonstrate intent to race elsewhere. Horses are not permitted to leave the grounds after they are entered without permission from the Race Office. In no way does the claiming, ownership transfer or trainer transfer of a horse affect the preference date.

Any horse on the “also eligible” that is declared will retain its original date providing there are no scratches in the body of the race by scratch time.

No person shall enter or attempt to enter a horse for a race unless such entry is a bona fide entry made with the intention that such horse is to compete in the race for which the entry is made.

In-today horses may not be entered back without the Racing Secretary’s permission. Any in-today horse entered back will automatically be scratched from the first race entered and expected to run in the second race entered.

In all overnight races, excluding maiden races, winners will be preferred unless otherwise stated in the conditions of the race. In races that overfill, trainers must declare preference of runners with common ownership at time of entry. Same owner second choice horses will be least preferred. There will be no coupled entries in any race.

In all allowance optional claiming races, allowance horses are preferred. All claiming races with a claiming price of \$10,000 or less, not designated Fillies & Mares, will be Colts & Geldings preferred.

- 2) This section applies only to the *racing season during which the claim was made.

If a horse races within a period of 30 days from the date it was scratched, that horse is subject to be claimed at a total price no greater than the amount for which it could have been claimed for in the race from which it was scratched unless the horse is entered in a sweepstakes, stakes or handicap race.
